Come together – Building Bridges in Perioperative Nursing

5th NORNA congress November 29 – 30, 2018 in Stockholm, SWEDEN

Dear Companies!

On behalf of the Organizing Committees and the NORNA Board of Directors, it gives us great pleasure to welcome you to the 5th Nordic Operating Room Nurses Congress. The Congress will be held in the city of Stockholm, Sweden, from November 29 to November 30, 2018.

The theme of the congress is *Come Together - Building Bridges in Perioperative Nursing*. The aim of the conference is to share initiatives in perioperative nurses caring for the perioperative patient. This promises to be another exciting educational, networking, social and cultural experience for one and all. An important part of our program is the medical technology industry exhibition, where the delegate will have the opportunity to get information and news, to test products and ask questions. Our hope is that at least 300 - 400 OR Nurses will attend the congress.

NORNA Congress

This is a 2-day congress for Nordic OR nurses, hopefully also with participants from other European countries and the rest of the world. The Congress will be held at Stockholm Waterfront Congress Centre in the inner city, close to the central train station. Waterfront Congress Centre also has a hotel section in which we have reserved rooms until 31/7 2018.

Stockholm

"Venice of the North". Our beautiful capital city of Stockholm is made up of islands interlinked by bridges. A large part of our capital consists of parks and green areas. Stockholm is a well-visited capital that offers rich culture and entertainment. The Old City, Skansen and the City Hall where the Nobel Prize Banquet is held are popular tourist destinations.

Three of UNESCO's World Heritage Sites are located in the Stockholm area: Drottningholm Palace, Birka and The Woodland Cemetery (Skogskyrkogården).

Sponsorship

Exhibition:

An exhibition stand at the congress increases the visibility of your business and offers an easy way to make possible clients come to you. All exhibition stands will be placed near the eating and drinking areas to ensure the highest possible visibility and accessibility. We offer you an exhibition space with fixed square meters, (3x2).

Program for participants:

Provided to each delegate at registration. It includes an overall program, along with a map of the exhibition. We offer you different sizes and placements of the advertising in the program.

Satellite Symposium:

We offer an opportunity to have a lecture/product presentation during the exhibition time. The premises are in a designated part of the exhibition hall.

Yours Sincerely Annemarie Nilsson Conference chair
